Our Mission

AMI will provide products and services of the highest quality to our customers. AMI will operate with the utmost respect, integrity, honesty and humility. AMI will deal with customers, employees and suppliers alike in this manner. AMI will give back to the community in recognition that all achievements are a blessing. Through this commitment to quality and ethical business practices, AMI will realize sustainable, profitable growth. AMI will become the dominant aggregate processing equipment supplier in the Midwest and international territories.

We are AMI.
